The Mishicot area growth and improvement committee, in conjunction with our wonderful, community minded business sponsors, are proud to present the 2009 concerts at the Old School. It is hard to believe how fast time has gone by and that 2009 is our 5th anniversary season. The success of our program speaks for itself. Our weekly attendance averages 300 persons and we have topped 600 on several occasions. The concerts have become an important part of the social and cultural life of Mishicot and the surrounding area. Our crowds are noted for being courteous, attentive and appreciative. As a result, musicians love to perform at the Old School. Special thanks to our hosts, Craig and Mary Berken, owners of the Old School. We are very excited about this summers lineup and consider it be our best yet for both quality and variety. Looking forward to a summer of sunshine and great music.
